## Worldwide Education News

### **Duke University and Agilent to Host 16<sup>th</sup> Annual Echo Teleconference**

**Mark your Calendar! World Echo Day is Saturday, February 10, 2001**

**Chest Pain in Adults and Children : The Role of Echo.** Once again program moderator Joseph Kisslo, MD leads the longest standing and most watched recurring telemedicine educational event in the world. This will air live to Europe, the Middle East, the Americas, and Asia Pacific. The program is highlighted by lectures, case presentations, and pathologic reviews. Numerous viewing sites throughout the Southeast U.S. will host this 4.5 hour event, which commences at 10:30 am EST on February 10, 2001. Registration fees are \$150 for physicians and \$110 for Sonographers, residents, fellows (Includes SDMS or CME credits). **Of course you may utilize your Educational or CSS teleconference coupons toward these fees.** Please check our website for updated program information: [www.echoincontext.com](http://www.echoincontext.com). You can register online and view local broadcast sites via the following internet address: [www.registeramerica.net/agilent2001](http://www.registeramerica.net/agilent2001) Or call 1-850-784-6002 x16 to register, or for info.

## **Agilent Technologies Healthcare Solutions Group Corporate News!**

***In moving forward to address the evolving clinical technology needs and business patterns of our Healthcare customers, Agilent Technologies Healthcare Solutions Group has signed an agreement for acquisition by Phillips Medical Systems.***

To Our Valued Agilent Customers,

We are pleased to inform you of an exciting new development for Agilent Healthcare Solutions and you. On, November 17, 2000, Philips and Agilent Technologies signed an agreement for Philips to acquire Agilent's Healthcare Solutions Group.

We believe that this development is very positive for customers of both Philips Medical Systems and Agilent Healthcare Solutions. We believe that this not only strengthens the breadth and depth of the products and services we can offer healthcare providers, it also reflects our mutual commitment to be a strong, attractive, long-term partner for our customers.

As we are sure you are already aware, Philips Medical Systems, a global healthcare systems leader, offers a highly respected line of diagnostic imaging products including MR, CT, x-ray systems, cath labs and information systems, while ATL, a Philips Medical Systems company, offers a wide range of leading-edge ultrasound systems. *cont'd page 2*

**Agilent is #1 for 6<sup>th</sup>  
consecutive year in IMV  
survey for Imaging Service  
and Support.**

Once again, Agilent tops all other Ultrasound Companies as per IMV Service Trak Survey Imaging for year 2000 in overall service, response time, support contract prices, and manufacturer ratings. For both Cardiac Ultrasound applications, and All Ultrasound applications categories, Agilent/HP has rated number one for 6 years running! Our sincere thanks to all our loyal Agilent customers for this outstanding vote of confidence!
